Reception

The reception area gives an overview of all important information for the Motor Summit 2020 International like the schedule, speakers or contact data of the organizers.

On the right side is the chat box where all participants of the MS'20 can be contacted individually or all at the same time. The chat box can be hidden/shown in each area.

Stage

The stage shows the livestream with all presentations after each other.

A moderator will guide through the whole event. You can ask questions to all speakers and they will answer live at the end of their presentation.

You can also contact them during the event via the chat or video call feature.

Sessions

The screenshot displays a Zoom meeting interface for the "Motor Summit 2020 International". The meeting title is "Energy Efficiency Talk" with 9/10 participants and 292 viewers. A red arrow points to the "Sessions" icon in the left-hand navigation menu. The main area shows a 3x3 grid of video thumbnails for participants: Naomi, Paulo, Helena, Lee, Rachel, Lameece, Dave, Hazel, and Mitch. At the bottom, there are icons for video, microphone, screen sharing, and settings, with a note "[for illustration purpose only]". On the right, the chat window is active, showing messages from Jenny, Jane, Rose, Daniil, Mike (Organizer), Hubert, Hazel, Mike (Organizer), Mitch, Hubert, and Akasha. The chat includes a "Session" filter and a "People" tab.

Sessions

There will be sessions during the whole event. Sessions are like small rooms where people can meet and have their own group meeting.

Sessions can be public or closed, upon invitation only. It is a great feature to meet experts from all over the world for all kind of topics.

So if you need a break from the „Stage“, join a session and meet some old friends or exchange with experts.

Network

The screenshot displays a virtual event interface for "Motor Summit 2020 International". The main area shows a video call with Paulo, a man with glasses and a white shirt, waving. A "Connect" button is visible below his video. A smaller video window shows "You", a woman with long hair, also waving. The interface includes a top bar with "Time Left 2d:12h:33m" and "2403" participants. A sidebar on the left lists "Reception", "Stage", "Sessions", "Network" (highlighted with a red arrow), and "Expo". The right sidebar shows a profile for Paulo Fidalgo, a "Recreation supervisor", with social media links and a bio: "Manage the relationship and annual strategy plans for a set of AVS vendors across all key Retail metrics and agreed service performance." The bottom of the interface has a "Start typing..." input field and a send button.

Network

The network area will connect you to other participants. You will be automatically introduced to others and it is an easy way to generate new contacts and meet new people.

If two participants click „Connect“, the contact data will be exchanged- like a business card.
